Dear Cleve,

STATINTL

As you have learned by now, Bud and Nancy Wheelon and I are planning to visit [] on 27 April and remain there overnight. It's most unfortunate that you will not be there at that time. I am personally disappointed because it seems so long since I last saw you and Mary.

I hear you are pretty well settled in now and I am sure you are finding your tour very enjoyable. None of us have been to [] before, and we haven't any idea where to stay - that is, whether to stay in [] or in []. We would very much appreciate your recommendations and, if it would not be too inconvenient, to have some suggestion as to the best means for using our time there.

Rosemary asked me to say a special hello to you both and to Vickie. Perhaps if Mary is in town at that time, we may be able to visit with her.

Sincerely,
